FIGHTING FOR TIME

Change of Venue Asked and Evidence Heard.

A Woman Kills Her Husband at Caruthersville, Mo.—Man's Fatal Fall.

CAIRO SOLVES RACE QUESTION

FOR CHANGE OF VENUE.

Cynthiana, Ky., Sept. 15.—In the Jett trial the defense took up the motion for a change of venue and introduced three citizens who testified that on account of the inflamed state of the public from newspapers and dissatisfaction on account of the action of Juror Jasper King in the Jett and White case here, six weeks ago, it was impossible to get a fair trial for him in this county. The witnesses were M. S. McKee, a farmer, and brother-in-law of King Ford, a star witness for the defendant in this case and a relative of the Hargis's at Jackson; H. L. Peterson, attorney and H. C. Duffy, a farmer and horseman.

KILLED HER HUSBAND.

Caruthersville, Mo., Sept. 15.—Mrs. Sarah Elizabeth Bostic shot and killed her husband, Thomas A. Bostic at their residence in this city.

Immediately after the shooting Mrs. Bostic sent for a physician and the police. "This looks like a bad case," said Policeman Kelley.

"Yes," responded the woman. "But I had to do it. My husband came home mad tonight. I got up and opened the door for him. He undressed and lay down on the cot. I asked him if he would make up and kiss me good night. He said that he wanted none of my kisses and that he would end it all. He then started to get up. I thought he intended to kill me, as he often said he would. I was standing near the head of my bed, about six feet from where my husband lay. I reached under my pillow and got the pistol and shot him before he could rise. He was not drinking."

Mrs. Bostic and her two sons, Auria and Joseph Yarbrough, 14 and 16 years of age, were arrested and locked in the county jail.

CAIRO LOAD OF NEGROES.

Cairo, Ill., Sept. 15.—A car load of negroes, who were arrested for vagrancy, were put aboard a car on an Illinois Central train, the doors locked and they were started for New Orleans. The negroes had the option of going there or serving a \$50 fine in the Cairo jail. Their passage is paid by an employing agency that is securing men to take the places of the striking freight handlers at New Orleans. The men were promised \$3 a day. This is the second car load that has been sent from Cairo in this way.

KILLED BY A FALL.

Cairo, Ill., Sept. 15.—Eugene Parks, a carpenter employed on the new Holiday estate building, fell from the top of a brick wall to the ground below, a distance of nearly 50 feet, and sustained injuries from which he died. He was 50 years of age and leaves a family here.

CARRIED TO ASYLUM.

Mrs. Fannie Wallace, of Pilot Oak, Graves county, was adjudged insane and was carried to the Hopkinsville asylum yesterday, in charge of Maj. Sanders, of Mayfield. Her insanity was caused by ill health and she has been to the asylum twice before.

RATHER HARD SWAT

And the Rev. Sam Swatted Right Back.

Sensational Fight in Carversville, Ga., Between Evangelist and Postmaster.

THE RESULTS NOT SERIOUS

Carversville, Ga., Sept. 15.—Rev. Sam P. Jones, the famous Methodist evangelist, was badly bruised in a personal encounter yesterday with Postmaster Walter Akerman, whom Mr. Jones denounced for selling wine and threatened to have him reported to President Roosevelt. The difficulty arose over statements made by Mr. Jones at his tabernacle meeting when he used the expression "dirty dog" in his remarks said to refer to Mr. Akerman.

When they met Mr. Akerman mentioned the remarks, and hit Mr. Jones in the mouth. The evangelist replied with a lick in the eye. Though bleeding, Mr. Jones declared, after the affair that the only thing hurt about him was his fist.

During his remarks the night before Mr. Jones declared that the people of Carversville would "prefer a sober, decent negro to hand them out their mail to a dirty dog who was using his official position to sell wine and call it dope." Mr. Jones' remarks were sensational in the extreme, and the subsequent fight was not unexpected. This is not the first time that the minister has figured in such affairs. Several years ago a mayor of a Texas town attempted to cane him, and received a thorough licking.

BIG CONCERN

BIG LOAN COMPANY ORGANIZES HERE.

The organization of perhaps the biggest general loan company in the United States was completed in here this morning and the articles of incorporation will be filed within the next few days.

The organizers of the loan company are Messrs. L. E. McWhorter, of Louisville; John Bateman, of Chicago and James T. Green, of New York, all of whom were in the city today. The capital stock of the company has been fixed at \$90,000 and a general loan business will be conducted, loans of all sizes being made on real estate principally.

The building lately improved at 226 Court street has been leased and will be the headquarters of the concern. Other branches will be located in other cities and a local branch will be maintained over the Tully Livery company and will be managed by Mr. C. C. Turner, who has had much experience in this line. A general manager, Mr. W. Reed, of New York, will arrive Monday to take charge and business will begin on that date. The articles of incorporation were finished today and will be filed tomorrow or Thursday.

VACCINATING PUPILS.

DR. ROBERT RIVERS KEPT VERY BUSY TODAY.

City Physician Robert Rivers has been busy today vaccinating pupils entering the public schools, and up until press time had vaccinated over one hundred.

The school law requires each and every pupil to show a vaccination scar and if they have none require them to be immediately vaccinated and before they are admitted to the school. This was passed last year to prevent any danger from a small pox epidemic.

DEATH IN THE COUNTY.—Mrs. Mary Randle died this morning at Maxon's Mill, this county, of general debility. She was 67 years of age, and left two sons and one daughter. The burial will take place tomorrow morning at the Randle grave yard.

Mr. Harry Clements is reported still improving at Evansville, but is not yet able to be out.

FOR WILFUL MURDER

Surprise Over Grand Jury's Indictment of Henry Temple.

Had Been Out on Small Bond When Re-arrested Today—Motion for Bail Tomorrow.

REPORT OF THE GRAND JURY.

The grand jury made its second report yesterday afternoon, but only five indictments were returned, notwithstanding the report to the effect that 69 true bills had been returned.

Those reported yesterday were Henry Temple, of Maxon, wilful murder, for killing Robert Smallman; John Babcock, for stealing S. J. Culp's mule; Roy Ferguson, for maliciously cutting Joe Starr; George Day, for killing Calvin Cary; Mary Thomas, for killing Lee Crawford; one action against Ed Settle for cutting Martha Springer was returned marked "dismissed."

The grand jury made another report today and returned the following indictments: Tandy Reeves for selling a stolen pistol to Ackerman, second hand dealer, for 35 cents; Bucksten Ray Taylor, for selling stolen fish to Lawrence James for \$4.80; Charles Bryson, for striking E. H. Wilson with intent to kill; Mattie Springer, for cutting Della Humphrey; Henry Blue for stealing Scott Overton's horse.

Henry Temple, who was indicted by the grand jury for murder, as told above, was delivered into custody this morning and his attorneys immediately made a motion for bail. The motion will be heard tomorrow afternoon at 4 o'clock. Temple had been out on \$2,000 bond since the preliminary hearing.

The facts relative to the killing are well known. Temple is owner of a mill in the county, and Smallman was engineer. They were the best of friends, but it is alleged while drinking a few weeks ago had a quarrel over closing down the mill at the regular time and Smallman was stabbed several times. He was brought to the city and died a few days later at the railroad hospital. His relatives employed attorneys to assist in the prosecution, and after the preliminary trial, when the accused was held on a small bail, the wife of the dead man sued him for \$20,000 damages for the death of her husband, which suit is still pending.

It is said that Smallman was drunk at the time of the trouble and had returned to the mill a time or two to run it, although it was after time for closing it down, and came back after being taken home by friends. It was then, it is said, Mr. Temple attempted to induce him to go back home when Smallman drew a knife and Mr. Temple was forced to defend himself. As the grand jury hears only one side of a case, Mr. Temple's friends think that although he was indicted he will be promptly acquitted when his own side is heard.

THE PUBLIC LIBRARY

About 2000 Volumes Now Secured for it.

President Perryman Bought 1600 Picked Books Today—Building About Ready Now.

ABOUT TIME FOR NEW BOARD

The public library is now about ready to be turned over to the city. It is thought that in about a week the board of trustees will formally hand over the keys to the city, and the mayor will then appoint the new trustees, who will constitute a board of control.

On account of rather acute political antagonism which has in recent months sprung up between the mayor and members of the present library board, which is in reality only a building committee, there is more or less interest in whom he will appoint on the new board. It was supposed when the work began that he would reappoint the present board.

The new board will be of considerable importance as it will have complete control of the library and will elect the librarian, a position for which there are several applicants.

President G. W. Perryman, of the board, today secured 1600 volumes for the library. Yesterday afternoon he bid them in at a sale on South Third street but the entire stock of goods was later closed out as a whole.

This morning President Perryman purchased the books from the gentlemen who bought the stock yesterday, and they are picked volumes, and did not cost much over \$100.

This gives some where near 2000 books for the library as a starter. Mr. H. C. West several months ago gave his private library to the library, and former Congressman C. K. Wheeler secured several hundred volumes of public documents at Washington. In addition many other donations have been made and there is quite an array of books already.

The racks are now in and the books will be placed on them forthwith. The trustees have been told of many citizens who have books to turn over to the library when it is complete and ready to open.

ALLEGED THEFT.

OTHO KINCAID WAS ARRESTED HERE TODAY.

Otho Kincaid, colored, was arrested last night by Sheriff Potter for petty larceny, and placed in jail to await a hearing.

He is charged with stealing money from Mr. Cook Husbands for whom he has been working for some time. He will probably be tried by Justice Barber.

Dr. Will Polk will leave next week for Nashville to complete his medical studies at Vanderbilt University.

MAY NOW HAVE ALL

Two Negroes Arrested in Memphis Today.

They Were Traced From Paducah Where They Passed Bills—A Third Missing.

HE MAY BE THE ONE HERE

Memphis, Tenn., Sept. 15.—A detail of fifteen policemen this morning arrested Will Ray and Alfred Harrison, alias Irving Tolly, two of the three negroes who have been passing counterfeit money from Memphis to Chicago for a number of months, and after whom secret service authorities have been for the past six weeks.

They were traced from Paducah, Ky., to Chicago, and back to Memphis.

They had taken up their residence in a house on Gayoso street, where they were arrested today, without resistance.

The third negro is still missing. Their methods consisted of raising one dollar bills to fives and two dollar bills to tens.

They have passed large quantities of such money during their period of operations, one of the last offenses being at Millington, Tenn.

Alfred Harrison is also wanted by the Kentucky authorities for the killing of two officers between Owensboro and Paducah about a year ago while they were attempting to arrest him on a charge of murder.

FEDERAL COURT

Will Consider the Case of Jim Jackson, Colored.

Is Identified as One of the Men Who Passed Raised Bills Here.

Jim Jackson, colored, who was arrested here several days ago by Officers Gourieux and Clark for passing raised bills was this morning held over to the federal authorities and will be held until a warrant from Louisville is secured.

Jackson is charged with having passed at least some of the raised bills turned loose here August 8th, and especially one bill given to Mr. Thornton, at a saloon near Ninth and Court streets. When the negro who presented it in payment for two pounds of coffee saw that the fraud was detected, he ran and left bill and all.

Mr. Thornton identifies Jackson as the negro, but Jackson says he is positively not the one, although he admits he was here at the time.

An affidavit has been forwarded by Deputy United States Marshal Syd Hubbard to Louisville and a warrant is expected this evening. The local authorities think it is a case for the federal authorities to handle, and for that reason turned it over to them.

SEVERAL HURT.

HEAD END COLLISION NEAR RIPLEY, TENN.

A head end collision between freight train No. 193 and a work train at Ripley, Tenn., on the Tennessee division of the I. C. road, last night, resulted in the slight injury of three trainmen.

Fireman West of Memphis, had his left leg broken; Fireman L. Gilbert, of this city, a knee injured and T. J. Foster, a negro laborer of the work train of Curve, left arm broken.

They were brought to the I. C. hospital here this morning and none of the three is seriously hurt. The trains were badly wrecked and the track was torn up.

Passenger train No. 104, due here from the south at 1:30 a. m. was delayed six hours.

Mr. E. B. Jones, late of the Stutz Candy Kitchen, left this morning for the Louisville division of the I. C. on his initial cramming trip for the Bauer Pottery Co.

VAST CROWDS COMING

Encouraging Reports Reach the Red Men From All Quarters

Two Big Parades to Be Given—Voting for the Princess Begins Tomorrow.

COMMITTEES ALL WELL UP

The Red Men are jubilant over the promised success of the carnival to be given here in October, and from reports from Marion and Danville, Ill., where the carnival company has been showing, the crowds are increasing daily with the popularity of the attractions. No pains will be spared to make every feature a success and the advertisers are working over time getting the county and nearby towns billed.

"There has been some talk of the county fair hurting our carnival or the carnival hurting the county fair," Mr. Rhodes explained, "but we expect to help each other. The people brought here by the county fair will attend the carnival at night."

The committee appointed to arrange for the vote for princess, Messrs. Wallerstein, Wilstach, Petit and Winston, will tomorrow morning put out in a number of the prominent business establishments in the city the boxes for depositing ballots. The votes will cost five cents each and will be counted at intervals in order to keep up interest. The princess, in addition to the honor conferred, will be provided with one of the handsomest costumes ever seen in the city, and will have the position of honor in the big parade.

The committee on parades has not yet announced its complete details. It is certain, however, that there will be two big parades and one burlesque parade. The day on which the latter takes place will be known as "Carnival day" and will be something similar to Mardi Gras, those who desire going in fantastic garbs of all kinds. It will be the day of fun.

The committees are well up in their work, and the reports from the country surrounding, and even from many cities and towns up the road show that the festival has been extensively advertised and that thousands are coming to it.

The board of directors meet this evening to take up a number of important matters. The gentlemen who have in charge the decorations report that their success exceeds their fondest hopes and they fully expect to do an immense business and have every residence and building in the city decorated during the week.

Dr. Bass will be in charge of the hospital tent on the grounds, and there will be plenty of medical and surgical attention for anyone who chances to be hurt or ill.

BANKRUPTCY CASE.

A GRAVES COUNTY FARMER FILES A PETITION HERE.

James Lewis Cosby, of Folsomdale, Graves county, filed a petition in bankruptcy today in the office of United States Clerk J. R. Puryear. His liabilities are \$600. He has no assets.

NEWS NOTES.

It is stated that Postmaster General Payne followed precedent and civil service rules in the Delaware patronage case, and that no friction exists between the official and the president.

The government has representatives at the irrigation congress in Ogden who are specifically charged to see that the interests of the public are protected and that no land company schemes are indorsed.

GOEBEL CASES CONTINUED.

Frankfort, Sept. 15.—The cases of Taylor, Finley, John L. Powers and others, charged with complicity in the Goebel murder conspiracy case, were called in circuit court today and continued. There will be no further investigation at present in the Goebel case, and no indictments by the grand jury for the term now on.
